

2023 KCNA Conference

The Southern California churches are excited to invite you to the first in-person Conference since 2019, to be held at the University of California, Santa Barbara from August 18-20, 2023.

After three years of virtual meetings and events, we hope our face-to-face interactions will help us re-energize as we discuss the theme, *Renew and Maintain Our Communication with Kami through Sacred Mediation, Daily Prayer, and Teachings*.

This year, in conjunction with the 140th Anniversary of the passing of our Founder, Konko Daijin, let us reflect on the Founder's determination to spread Kami's work through Mediation. What is Mediation and why is it important? How often do you pray to Kami and what forms can your prayers take?

The Conference will not host a keynote speaker this year. Instead, it will be centered on longer group discussions to focus on our spiritual connection with Kami through Mediation and prayer and ways to communicate openly to Kami in our daily lives. Let us look forward to exploring the theme with fellow believers and seek meaningful discussions and takeaways.

Let us express our appreciation to our Founder's devotion to save others and reflect on our faith as we meet again in person.

Please see attached Registration form, flyer, Santa Barbara Airbus schedule/fare, and Notarized Child Guardian Consent form. For further information, please contact us at conference@konkofaith.org or kcnaoffice@konkofaith.org. We look forward to seeing you in sunny California!

Sincerely,

KCNA Conference Committee
